

Attendee Testimonies

A woman said that as a young girl in 1949 she went to the Billy Graham Crusade in Los Angeles with her mother. She wanted to go forward to receive Christ but her mother would not let her. On May 16, 1997 after hearing Anne Graham Lotz give the salvation message, she came forward to receive Jesus Christ as her Lord and Savior.

-Story confirmed.

“Some things that stand out for me were: 1) Your organization, the work that you must have done and the care and concern it showed. 2) The quality of the spiritual food (and natural food) that was served to us was excellent and finally the women of God were powerful in their delivery of the Lord’s words to us. **I came back to my husband, children and church and apologized to him on stage before my natural children and spiritual children regarding submission to him.**” *Josephine [REDACTED] Temple Christian Center*

“I want to say thanks to all the speakers for bringing God’s word to me. It has helped me to humble myself before Him and it has given me the opportunity to bring the wall down and to be able to live a holy life before God. The more I hear the word of God, I can stay focused upon God’s agenda.” *Linda [REDACTED]*

“I found Chosen Women to be very well organized, detailed oriented as well as a tremendous blessing. To take part with thousands of women all on one accord praising and worshiping God and eager to learn more about our Father’s plans for us was fantastic. I was especially touched by Susan Kimes’ message on “The Sin Outfit” yes, it is time to let God have total control over my life. Bunny Wilson- “Hope, Help, Holy and Free”-what is the cost to me in letting go? Nothing. Anne Graham Lotz, “The Cross” the pain Jesus went through on the cross and never complained. This event has assisted in putting the fire back into me, to keep me going down the right road.” *Alycia [REDACTED]*

“Ruth Graham was the highlight for me. She is most definitely a “Chosen Woman” of God. When I grow up, I can only hope that my faith in the Lord is as great as hers is. A lot of tears were shed during that weekend for me. Tears of joy for all of those brave ladies that walked down those stairs to give there lives to the Lord. And tears for my family that were destined not to be the same afterwards. Being a single Mom, I thought that I had to have a husband to father my precious daughter. Well, Bunny straightened me right out!!! ...I realized that it’s NOT a husband for me, or a father for my angel that I needed. **It is the Lord that can fill all of those holes in my life!!!**” *La Vonne [REDACTED]*

A woman left an envelope containing marijuana and wrapping papers with this message written on the outside... “This has kept me in bondage for years. I now leave it at the foot of Jesus...” Anonymous
